**North Dakota Lamb and Wool
Producers Association**

**North Dakota Lamb & Wool
Producers Association**

NDSU

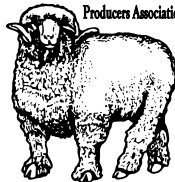

EXTENSION

To the buyers:

Welcome to the 2022 North Dakota Lamb and Wool Producers Association Jamestown Ram Sale!

The North Dakota Lamb and Wool Producers Association has made every attempt to ensure a high-quality offering of purebred and commercial rams.

North Dakota Lamb & Wool
Producers Association

1. All rams have been sifted by a committee of three breeders and a veterinarian. Rams have been Elisa tested within 30 days of sale or are from current Brucella Ovis-free flocks.
2. All rams must originate from flocks that have been inspected and found free of foot rot.
3. Minimum weight and scrotal circumference:
 - Yearlings – 220 pounds and 32 centimeters
 - Lambs – 120 pounds and 30 centimeters
4. All animals must be bred and owned by the seller.
5. Registration papers and the cost of transfer are strictly between the buyer and seller.
6. All rams will be guaranteed breeders (ram lambs are not subject to guarantee in year of purchase). The guarantee is between buyer and seller.
7. Health papers will be available for out-of-state buyers.
8. The catalog is arranged in sale order with ram first followed by ewe entries.
9. Phone bids will be accepted by the sales committee and North Dakota Lamb and Wool Producers Association board members. See numbers below.

Please enjoy viewing this year's consignments and visiting with your fellow sheep producers.

Sincerely,

David Brown, Sale Committee701-840-7598

Lot 1	Flock No. 2119	Yearling ram	2/8/21 Twin
	<i>Weaning Weight – 82 lbs</i>		
Lot 2	Flock No. 1-21	Yearling ram	1/9/21 Single
	<i>Weaning Weight – 83 lbs</i>		
Lot 3	Flock No. 7-21	Yearling ram	2/14/21 Twin
	<i>Weaning Weight – 78 lbs</i>		

We have been raising Suffolk sheep for over 40 years. Our sheep have been used and recognized nationally over the past years and these three rams come from the heart of our program. All dammed by ewes who consistently produce keeper lambs year in and year out. These are moderate framed rams in working condition. With the high price of feed, these rams have not been fattened.

- **Ketterling Family**

6298 12th Ave SE, Hazelton, ND 58544

307-257-4934

ketterlingfamilysheep@gmail.com

Lot 4	Flock No. 0303	Yearling ram	3/6/21 Twin
	<i>Moderate-framed, production-style ram</i>		

POLYPAYS

- **Schauer Sheep Company**

Chris_schauer@yahoo.com

Lot 5 Flock No. 22008 Spring ram lamb 2/16/22 Triplet
NSIP Maternal Index: 114.5

Lot 6 Flock No. 22011 Spring ram lamb 2/16/22 Triplet
NSIP Maternal Index : 115.5

Lot 7 Flock No. 220019 Spring ram lamb 2/21/22 Quad
NSIP Maternal Index: 116.6

These are the some of our top indexing ram lambs from our registered National Sheep Improvement Program (NSIP) flock. We select for ewes that raise their own, even if they are triplets or quads. Contact me for addition NSIP or production data.

HAMPSHIRE

- **Roselawn Legacy Hampshires
(Burt and Pattie Pfliger)**

3600 80th Street SE, Bismarck, ND 58504

701-220-2756

bppfarm@hotmail.com

Lot 8 Yearling ram March 2021 Twin

Lot 9 Yearling ram March 2021 Twin

Lot 10 Yearling ram March 2021 Twin

Roselawn Legacy Hampshires is your source for traditional Hampshire Sheep in America. We purchased the Hubbard Roselawn Flock and stud battery in the summer of 2017. This flock is the oldest continuously registered flock in the U.S. Sheep are moderate size, heavily muscled traditional Hampshire capable of being raised on grass with limited supplementation. Rams will be RR or QR with production records available on the day of the sale.

Lot 11 Flock No. 2191 Yearling ram 1/14/21 Twin
Son of EMCEE. Overall Champion 4-H Ram at State
Fair last year and was used successfully in our program
this past year.

Lot 12 Flock No. 2159 Yearling ram 2/11/21 Twin
This ram was our other herd sire last year and all
three of our crossbred ram lambs are sired by him.
Lots of growth and style on these rams

*We have been raising sheep since 1976 and do our best to
improve them phenotypically while keeping maternal females.
We began AI procedures on 20 ewes for the last three years to
take our program to the next level.*

• Deckert Flocks

3800 38th St. S.E., Minot, ND 58701

701-721-6054 or 701-852-7356

deckertflocks@hotmail.com

Lot 13 Flock No. F163 Fall ram lamb 9/29/21 RR Twin
Heavy muscled and very good headed fall ram lamb.

Lot 14 Flock No. F172 Fall ram lamb 10/01/21 Twin
Great fall lambing genetics in this ram.

Lot 15 Flock No. F169 Fall ram lamb 10/01/21 Twin
Very good disposition. Dam is excellent ewe.

*We strive to produce the type of sheep that the commercial
sheep producer likes. We will try and post pictures on
Facebook: Deckert Flocks. Thank you for looking at our sheep
and bidding.*

jamesvalleystockfarm@hotmail.com

Lot 16 Flock No. 22017 Spring ram lamb 1/19/22 Twin
Lot 17 Flock No. 22064 Spring ram lamb 2/8/22 Single

We selected four quality animals that represent the type of Hampshires we are striving to produce. They are structurally sound and growthy with good breed character. The rams both gained over 1 pound a day, which is the benchmark for us producing terminal sires. All three of our stud bucks – Schiefelbein, Plaza and Robbins (BaaBaa Acres) are represented in our offering. We will post pictures and information prior to the sale on our Facebook Page – James Valley Stock Farm.

Lot 18 Spring ram lamb Feb 2022

We are developing a nice set of February-born Hampshire ram lambs and will bring one of our top prospects. He will be sired by NOC 6125 “BellRinger” or our new stud ram LandRun 2002. These ram lambs are stout, sound and moderate in their build. Use this guy in a purebred setting or a commercial flock, but either way he can help move a program forward. Codon 171 DNA results will be available sale day. Pictures and more info will be posted to the NDSU Sheep Unit Facebook page prior to the sale.

Heavy boned ram that is thick made and an easy keeper.

Will produce fast growing cross lambs or stud potential for a Dorper herd.

HAIR SHEEP

- **North Dakota State University**

Dept 7630 Box 6050, Fargo, ND 58108

701-356-3295

steven.e.anderson@ndsu.edu

Lot 39 Yearling ram

White Dorper/Royal White ram. This fall yearling ram is the right kind if you're wanting to introduce hair sheep genetics into your flock. This guy is stout and fully-shedded. Plus, he's a fall-born yearling so he brings that added maturity to help settle a higher number of ewes. At least 50% White Dorper genetics. Codon 171 DNA results will be available sale day. Pictures and more info will be posted to the NDSU Sheep Unit Facebook page prior to the sale.

Lot 40 Fall ram lamb

Fall-born White Dorper/Royal White ram lamb. Bred similar to our yearling entry, this buck lamb is well-made and thick. Fully-shedded. Sired by our EastStar Livestock stud ram. At least 50% White Dorper genetics. Codon 171 DNA results will be available sale day. Pictures and more info will be posted to the NDSU Sheep Unit Facebook page prior to the sale.

- **North Dakota State Animal Nutrition and Physiology Center**

travis.w.hoffman@ndsu.edu

*Lot 41 Flock No. NDS0624 – X072 Yearling Ram 10/8/20 RR
Fall yearling ram that is 25% White Dorper, 25% Royal White
and 50% Romanov. Easy fleshing, solid growth and muscle.*

*North Dakota State University – Animal Nutrition and
Physiology Center has had Romanovs for 20+ years. This Easy
Care Program is based on White Dorper and Royal White
genetics to add growth, muscling and shedding ability to the
highly prolific Romanov ewes. This crossbreeding planned
mating allows for over 200% lamb crop weaned and excellent
early growth for feeder and ethnic market lambs.*
